The action I took against you had nothing to do with the DA. I have no connection to the DA. I took you to court to ask you why you removed those three posts from the Love Knysna page. You chose not to appear. Why? Where do you get DA out of that? It is just you, it is just me. It is about what is true and what is not true. It is all about the reasons you have for not answering a couple of very simple questions.

Why did you do it? Who told you to remove those posts? Who else is involved? Who are you protecting?
