ARRANGING MY ARREST & INCARCERATION FOR 31 MAY 2019

I'm arranging for you to arrest and incarcerate me on my return to South Africa tomorrow, 31 May 2019.

No agency of President Cyril Ramaphosa will tackle DA crime. The ANC is protecting them.

The NPA has denied me witness protection and is refusing to discuss the evidence of corruption I've given them. IPID Head Investigations Mathews Sesoko has reneged on his telephonic promise to investigate. NCOP hasn't concluded my complaint in 4 years. Minister Mkhize did nothing despite referral from the Presidency. The Ministry Justice referred back to the Presidency. Minister Bheki Cele, you and President Cyril Ramaphosa have consistently ignored my pleas for a long time.

The SAHRC and Legal Aid wouldn't help under suspicious circumstances and the Media are silent.

I'm blockaded and thus must accept that the corrupt government of Ramaphosa is the winner, South Africa is the loser, and I'll be punished for daring to expose the DA you favour.

Consequently, my 9-year struggle for justice is almost over and you can take me. But

I will fight until the end. Note that I'm on Day #15 of my hunger strike, my final protest. I know my odds of success are poor but I can at least be true to my convictions.

I'm weak but had extra weight to lose so can walk myself on and off the plane, and into jail.

However, the next 10kg will be tougher. That and safety concerns is why I CC this letter to Roos Coenraad. I'm requesting solitary confinement in Pretoria, away from the dangers of Durban, Knysna and Cape Town. That's until it's necessary to hospitalise me. Allow me the books I'll bring with me. I'll accept water and rooibos tea (without sugar). I agree to pain relievers if necessary.

If you disagree, I'm on a death fast so that my point is made quicker and I don't have to suffer more of our country for sale.
