I've never taken much notice of the ramblings of the EFF. However, the comments regarding MMM, and the Big-4 banks campaign to destroy MMM, makes for interesting reading!

For those who "believe everything they read", just a quick head's-up...my wife, myself, my son and his girlfriend are leaving shortly on a 5 week holiday of Europe and UK, all paid for, thanks to MMM!

Don't under-estimate the power of crowdfunding and mutual financial self-help. As Andile Mngxitama indicated "If the banks are against it, it must be a good thing"!!!!!! (No-one likes "real" competition!)

Former EFF MP Andile Mngxitama joins MMM scheme, to report back in a month
