

Love Knysna

The Democratic Alliance must surely hate Knysna? I'm tied up in court cases so excuse me from blogging for a while... but i'll make an exception later this week so as to address the threats the DA is sending my subscribers here (shame on the DA).

No surprise that Dr Martin Young, the DA councillor who has falsely associated me with being a danger to children, is involved.

No, they can't sue you for being a subscriber. It's utterly ridiculous but it at least shows how dirty they are.

As Mayor Eleonore Bouw-Spies is refusing to address my DA cyberstalkers and questions, i will hold her accountable and publicise issues surrounding her until they reach a dizzy height.

I don't cower to bullies, especially those that are so low and cowardly as to threaten innocent people.

At least those who've received the emails (many of you) will know exactly how rotten the DA - Knysna has become.

They don't love us. They hate us the same way they hate transparency and accountability.

As for the Mayor's election promise of communication, today i was banned from the Knysna Municipality's Facebook page.

The DA's mask has fallen off. I saw the greedy monster years ago but it's taken a while for some of you to catch up.

NB: Thank you to those people who told me about those threatening emails. You guys and ladies rock. Your common sense rocks too!

Tullie Nzima Dear Facebook friend

You are listed as one of my friends having 'liked' Love Knysna's Facebook page in the past. Doing so at first glance is understandable. You may not know any more about what is going on there, nor even care.

The level of tolerance for the persistent harassment of individuals on Council and in Municipality running Knysna by Michael Hampton has diminished considerably. The damage he is doing to this town is not irrelevant, and there is proof thereof.

The chances of wide based and emphatic legal action seeking damages against him to put an end to this campaign of harassment is growing.

The problem is, he is a self declared destitute. And this is where you unfortunately come in. You have 'liked' his page. It is even worse if you have 'liked' or 'shared' a post that can be considered litigious.

You may be at risk of being sued alongside him for damages. If you don't believe me, please check up on social media law.

I'm not telling nor asking you to do anything. You may believe in what he is doing or support him. That is your prerogative.

As a friend, however, if you do NOT support his views and/or methods I do advise you to distance yourself as much as you can by 'unliking' his page. Hit the 'Liked' button at the top. You will get a window asking to confirm the 'unlike' and select it. If he has blocked you, you won't see that button, and will need to report the situation to Facebook so that they remove you.

And if you have friends also on the page that you care about and don't want to see facing legal claims against them, please spread this message!

This is about protecting Knysna residents from even more harm done by Michael Hampton (Wicked Mike)

Regards, Sonwabo.

Roy Herold Damn! I feel left out . . . I received NOTHING! Bloody agents are discriminating against me 😞 (I could have done with the amusement!) You keep going, Mike!!! There are many more behind your efforts than you (or any local politician) can imagine. People are sick of corruption, lies and manipulation - drag this out into the light, and watch the cockroaches scuttle for cover. It has ever been thus.
