Mark,

I am writing this mail out of respect.

1. No attorneys represent me other than my attorney and advocate. Delon Barnard and Advocate Danie van Wyk.
2. I have not asked my attorneys to threaten you in any way through a letter.
3. I cannot write a letter to attorneys that do not represent me and who have not been instructed by me.

Your reference to one issue to be addressed is in your head and as far as I am concerned I have never had an issue to be addressed by you. This will be the last mail regarding this issue. If you reply and remain on this topic, I will have you blocked form my system.

Kind regards

Greg

Greg I am very glad to hear that Shaun has settled with Knysna Tourism. There is however still one issue that needs to be addressed. I have been threatened with a defamation action for statements I have not made by attorneys who have represented you. I request clarification from them that you have no cause for an action against me and that neither you nor the Tourism Board are party to the accusations being made.

Regards

Mark Allan

Dear Mark and Mike,

This mail serves to respectfully ask you both to leave the Shaun van Eck versus Knysna Tourism issue alone.

Shaun van Eck and Knysna Tourism have parted ways. We have agreed not to defame each other and we have agreed to move on. This is important for Knysna. No amount of blogging or threatening is going to change anything.

Shaun stated that he would send a mail to you Mark confirming what I am writing and Mike, I agreed with Shaun that I would write to you and do same.

Guys, there comes a time that one needs to move on.

Mark & Mike, please know that I will not respond to any of your mails that refer to this issue. Any other mail regarding tourism in general I will happily reply to and I will happily meet with you regarding any issue you have that is tourism related that does not deal with this issue. You have to understand that it is over. Both parties have walked away signing a document in front of a CCMA commissioner saying the departure is amicable.

Tomorrow Mike is bringing a group of 30 underprivileged children to the Park. Mark, if you want to do the same them please just ask, but that does not assume that Mike and I are now drinking buddies as you stated Conrad Zeelie thinks. Quite frankly, until Conrad Zeelie shakes my hand I do not believe he exists and if he does come and shake my hand he must bring along an ID book.

I write this with respect and in the best interests of Shaun van Eck, Knysna Tourism and myself.

Kind regards

Greg Vogt
