We refer to your current actions and blatant disregard you have shown the courts and confirm your father has admitted to aiding and abetting a fugitive from justice. This is to advise you that, should you fail to disclose your whereabouts, those of us with warrants for your arrest will be laying formal criminal charges against your father, Jimmy " Sox" Hampton, for obstruction of justice. The damage your conduct has caused is insurmountable and your blatant disregard for the law unacceptable and we will be pressing charges. This is your fault
